Sponsorship Offer

Past Editions in Numbers

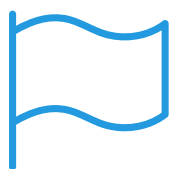

The history of the Wawel Dragon Trophy traces its journey from a modest event on the fringes of European fencing to a significant fixture in the calendar of global fencing powerhouses. We have achieved this through a relentless pursuit of improvement in every aspect of the tournament, evolving from emulating the best to becoming a benchmark for positive comparisons.

continents

This is already the 11th edition of the Épée European Cup in Krakow

Modern Venue

The AGH Sports Center building was opened in 2023, boasting ultramodern infrastructure unmatched in the region. Its facilities include two massive halls, each accommodating three basketball courts, as well as sports and dining amenities, and spectator stands.

Excellent Location

Hosting the tournament in Krakow at 5A Armii Krajowej Street not only brings the prestige of a modern facility but also the advantage of a convenient location near the center of a highly developed tourist city, encouraging numerous visits from fans and guests.

Additional Category

In the upcoming edition, in addition to the individual competition, a team tournament will also be held. This represents a leap in the event's spectacle and media appeal.

National team matchups are both more exciting for the audience and easier to follow.

Because this is a European Cup rather than a European Championship, athletes from **all over the world** are eligible to compete

About Us

KKS has been a fixture in Krakow's, Poland's, and the world's sports scene **since 1910**. Among the alumni of the Krakow Fencing Club are medalists from top-tier events, including the Olympic Games, as well as World, European, and Polish Championships. These rich traditions continue to be nurtured, and our association remains dedicated to training and guiding new generations of children, youth, and **épée enthusiasts**.

Let's Build It Together

The financial support received will be the driving force behind the continued growth of the tournament. We are fully available to discuss and tailor various forms of collaboration.

The promotional scope related to the event includes, among others:

- Assigning the title of Main Partner, Partner, Sponsor, or Title Sponsor of the Tournament
- LIVE coverage from the Main Hall
- Information on KKS Kraków's social media channels
- Coverage in traditional media (event media partners)
- Graphic representation on the final wall, the most prominent backdrop in video and photographic coverage of the event
- Opportunity to participate in the award ceremony and present medals to the tournament finalists
- Logos of Partners and Sponsors on tournament certificates with unique graphics
- Providing photos from the tournament along with rights for promotional use
